Proposed Change:	Add the ARCH_NOTES field to the generic Archive Report.				
Justification:	<p>In most all cases sites use the note field to document the specifics regarding changes and/or updates for an asset. Once an asset is archived, any details documented within the note field are not viewable on the Archive Report.</p> <p>Thanks!, Steve</p>

Remarks by FAC:	<p>11/28/12 – The FAC discussed there is already a FIMS standard report (#83) that provides Notes information for archived assets.</p> <p>The request was withdrawn by Steve Patterson.</p>
